Education

HPURC, Dharamshala (H.P)   **Sep 2023 – Jul 2025**
Master of Computer Applications (MCA)   *Dharamshala, India*

Government Degree College, Dharamshala   **Jun 2018 – Oct 2021**
Bachelor of Computer Applications (BCA)   *Dharamshala, India*

Experience

Think Next Technologies   **Jan 2025 – Jun 2025**
MERN Stack Intern   *Mohali, India*

- Built full-stack web applications using MERN stack with secure JWT-based authentication.
- Developed RESTful APIs and responsive React components following best practices and UX principles.
- Practiced Git version control, debugging, and testing throughout development.

Projects

Bite Bliss – Full-Stack Food Delivery Platform — *MERN Stack, JWT, REST APIs,*   **Jan 2025 – Present**
Tailwind CSS, Cloud Deployment
Status: Ongoing — GitHub

- Developed a responsive full-stack food delivery app featuring restaurant listings, menus, order tracking, and wishlists.
- Implemented secure JWT-based authentication with role-based access for users and restaurant owners.
- Built advanced modules: **VirtuCook** (recipe/video uploads), **Group Dining** (offers, bill splitting), **Recipe Book** (media sharing with comments), and **Feeding India** (volunteer/donation portal).
- Integrated AI-powered **Taste Bot** for personalized dish recommendations, quick meals, and famous regional recipes.
- Created a dedicated **Corporate Catering** section with chef bookings, personalized menus, and cleanup services.
- Designed interactive UIs with Tailwind CSS, including animated cards, scrollable galleries, and tabbed interfaces.
- Deployed frontend on **Vercel** (`bite-bliss-rho.vercel.app`) and backend on **Render**.

Personal Portfolio Website | *React.js, CSS, Vercel, Node.js (Contact API)*
GitHub | Live Link: portfolio-self-ten-75.vercel.app   **Apr 2025**

- Designed and deployed a fully responsive portfolio website featuring project showcases, contact form, and downloadable resume.
- Integrated a backend API using Node.js and Express to process contact form submissions and send emails via Nodemailer.
- Highlighted 3 live mini-projects:
  * Built and deployed a responsive portfolio site using **React.js** and **Node.js**, featuring project showcases, contact form, and downloadable resume.
  * Implemented a backend API with **Express.js** and **Nodemailer** to handle form submissions and send email notifications.
  * Highlighted 3 live projects: **To-Do App (MERN)**, **Quiz App (React.js)**, **Simon Game (JavaScript)**.

Technical Skills

Languages: JavaScript, HTML, CSS, SQL
Learning: Python
Web Frameworks: MERN Stack (MongoDB, Express.js, React.js, Node.js), REST APIs, PostgreSQL
Tools: Git, GitHub, Postman, VS Code, JWT Auth, Axios, Tailwind CSS
Deployment: Vercel (Frontend), Render (Backend)

Awards and Certifications

- Ranked **1st in BCA** (Distinction) at Government Degree College, Dharamshala.
- **Certified in Full-Stack Web Development** – Udemy (React, Node.js, HTML/CSS, JS).
